Did you know that there are approximately 504 students in the district who receive special education services via an IEP?

Parenting a child with learning, behavioral, emotional and developmental challenges is sometimes difficult but when you have an army of other parents behind you it makes it so much easier.

Looking for more support or for others who can relate? Join PASS39! We have convenient meetings scheduled as well as social opportunities to meet other like-minded D39 parents to share ideas & information and connect with one another. Whatever stage of this learning journey you are navigating with your child, we welcome you to join us.

What is PASS39?

The Parent Association for Student Services in District 39 (PASS39) is a parent organization committed to supporting parents of children with emotional, developmental and learning differences. PASS39's mission is to facilitate and promote communication and teamwork between parents of children who receive support and services (IEP/504 Plans) in D39 schools. Come check us out (our meetings are open to all D39 parents) at one of our meetings listed below or connect with us via Facebook, email or online.
